Sir,

dvances - Loans- Bellary District and Division - collection of instalments due in Fasli 1349 - Postponement - Recommended.

ENCLOSURES_____

SPARE COPIES_____

The collection of Loans instalments for Fasli 1349 falls due on 10-3-1940 in the Rayadrug Taluk and on 10-4-40 in the Siruguppa and Bellary Taluks. On account of the severe famine of Fasli 1347, the land revenue in full or in part was remitted in these three taluks as in other taluks of this district. The balance left over after remission was postponed for collection, partly in Fasli 1348 and partly in this Fas.

Bellary Taluk.

Fasli 1348 was a normal year. Though full remission of land revenue was granted for all the villages in Bellary Taluk for Fasli 1347, the collection of loans instalments last year, which were not collected for more than 15 years, has depleted the resources of the ryots. They have not yet regained their normal financial position. Owing to late rains and the prevalence of the agricultural pests, such as 'Blight 'Majjigiroga' 'Rats' etc., both Mungari and Hingar crops did not fare well, and in fact in about 42 villages crops have not yielded even a six annas crop. Proposals to grant a graded scale of remission in the villages have been submitted and the orders of the Government are awaited. The Revenue Divisional Officer, Bellary, has recommended the postponement of collection of loans instalments due in

Fasli 1349

Fasli 1349 for the entire taluk.

Siruguppa Taluk.

As regards Siruguppa Taluk, the collection of loans instalments was postponed last year, but the suspended land revenue of Fasli 1347 was partly collected in Fasli 1348 and the balance has been ordered to be collected in this Fasli. For the 44 villages of Siruguppa taluk noted in the annexure A - 75% of the land revenue was remitted in Fasli 1347, and of the balance, 12½% was collected last year and the remainder has to be collected in this fasli. The Revenue Divisional Officer recommends collection in these 44 villages, and postponement in the remaining 42 villages noted in the annexure B, where 50% of the suspended amount of land revenue has to be collected.

Rayadrug Taluk.

In the Kanekal and Bommanahal firkas of Rayadrug Taluk, which are predominently a black soil area, both the mungari and hingari crops have not fared well and the yield is reported to be not more than 7 to 8 annas. The ryots have not recovered fully from the after effects of the famine of Fasli 1347, and with the poor yield the ryots have obtained this year, they have not only to pay the land revenue of the current fasli but also the balance of the suspended amount of Fasli 1347. The two other firkas of Rayadrug Taluk i.e., Rayadrug and Hirehal are red soil tracts and the ryots had a fair harvest of mungari crops and the arrears to be collected in these two firkas are not much. The Revenue Divisional Officer, therefore, recommends the postponement of collections of loans instalments in Kanekal and Bommanahal firkas only in the Rayadrug Taluk.

The yield of mungari and hingari crops in the Bellary Taluk has been poor. Graded remission of Land revenue has already been recommended in respect of 42 villages. This may be taken as a calamity over a wide area of this taluk.

I agree with the Revenue Divisional Officer, Bellary and recommend that the collection of loans instalments may be suspende for one year till Fasli 1350 in the Bellary Taluk, in 42 villages of Siruguppa

of Siruguppa Taluk (note... ...nexure B) and in the Kanekal and Bommanahal firkas of Rayadrug Taluk.

2/ The loans instalments in the Bellary and Rayadrug taluks, the collection of which by the Coll has been proposed to be postponed fell due in March and April. Now that the famine is over, a substantial portion of the loans instalments should have been collected by this time and no postponement of the collection of the loans instalments on a wide scale would appear to be necessary. The Coll. is requested to examine this aspect and to report whether it will not-

be subjected if the repayment of the instalments is suspended in individual cases by the authorities who handle the loans, with reference to the circumstances in each case under Rule XXV of the Madras Land Improvement and Agriculturists' Loans (General) Rules.

Malapur
Muddatanur
Sirigeri
Gundiganur
and Manur Sugur

villages of Siruguppa taluk was remitted in Fasli 1347. It was reported by oversight that 50 % of assessment was remitted in these villages. But they too deserve suspension of loan instalments for the following reasons:-

Owing to deficient rainfall both mungari and hingari crops did not fare well in these villages and the average outturn of crops was estimated at 6-7 annas. They are situated on the borders of Kurugodu firka of Bellary taluk for which suspension of loan instalments has also been recommended. The Tahsildar, Siruguppa inspected crops in all the villages and reported that the

collection

collection of loan instalments might cause undue hardship to the ryots. The Revenue Divisional Officer also agreed with him.

Hence these villages were included in the list of villages in annexure B to my reference C. No. 244/40 dated 9-3-1940.

2. Though Kenchanaguddam, Siruguppa, Desanur and Ibharampur fall in the category of villages where 50% of the assessment was remitted in fasli 1347, they have not been included in annexure B as they are all wet villages in which wet fields have yielded normal outturn of crops and the ryots do not find it difficult to pay the loan instalments.

3. Regarding the point raised in paragraph 2 of Board's second reference read above, the Tahsildars of Bellary, Siruguppa and Rayadrug report that the loan instalments in villages recommended for postponement have not been collected and that it is too late now to attempt collections. I agree with them. Moreover, if the course suggested by the Board were adopted, it would involve very considerable scriptory work in the offices and the result in the end would probably be the same as postponement of all loans instalments outstanding collection, excepting a few cases.

4. In the above circumstances, I request that the Board be pleased to approve the proposals made in my reference dated 9-3-1940 quoted above.

Advances- Loans (Bellary)- Bellary Siruguppa and Rayadrug taluks- Collection of instalments due in fasli 1349- Postponement- Proposals- Submitted.

Read:-

(PP 1-3 cf.) Letter from the Collector of Bellary, No.244/40 A.1 dated 9th March 1940.

(Pr 17-18 cf) Letter from the -do- No.244/40 A. dated 20th August 1940.

Reference. S. 2134/40-4 dt 29.8.40

Pr 1-3 cf

In his letter first read above, the Collector of Bellary submitted proposals for the postponement of the collection of loans instalments due in fasli 1349 for one year in the Bellary taluk and in parts of Siruguppa and Rayadrug taluks for the reasons explained below:-

Bellary taluk

Pr 1-2 cf

On account of famine in fasli 1347, the land revenue due in that fasli was remitted in full in all the villages in the taluk. Though fasli 1348 was a normal year, the collection of loans instalments in that year which were not collected for more than 15 years, had depleted the resources of the ryots. The ryots have not yet regained their normal financial position. Owing to late rains in fasli 1349 and the prevalence of agricultural pests such as "Blight" "Majjigiroga" "Rats" etc. neither ~~both~~ Mungari nor ~~and~~ Hingari crops ~~did not~~ fared well and in fact

even a six anna outturn was not realised in 42 villages in the taluk. Proposals for the grant of graded remission of land revenue in these villages have been sanctioned in G.O. No.Ms. 1564 Revenue dated 26th June 1940. The Collector considers that these circumstances may be taken as indicating widespread calamity in the taluk and supports the recommendation of the Revenue Divisional Officer that the collection of the instalments of fasli 1349 may be postponed by one year for the entire taluk.

Rayadrug taluk. In the Kanekal and Bommanahal firkas which are predominantly a black soil area, both the Mungari and Hingari crops have not fared well and the yield is reported to be not more than 7 to 8 annas. The ryots have not recovered fully from the after effects of the famine of fasli 1347 and with the poor yield the ryots have obtained in fasli 1349 they have not only to pay the land revenue of fasli 1349 but also the balance of the suspended amount of fasli 1347. The two other firkas of the ~~Rayadrug~~ taluk viz., Rayadrug and Hirehal are red soil tracts and the ryots had a fair harvest of mungari crops and the arrears to be collected in these two firkas are not much. The Revenue Divisional Officer and the Collector, therefore, recommend the postponement of collection of loans instalments only in the Kanekal and Bommanahal firkas.

Siruguppa taluk. The collection

of

of the loans instalments in the taluk was ordered to be postponed last year- vide G.O. No.1268 Revenue dated 23rd May 1939; but the suspended land revenue of fasli 1347 was partly collected in fasli 1348 and the balance was ordered to be collected in fasli 1349. The Collector reported that 75% of the land revenue was remitted in fasli 1347 in the 44 villages of the taluk specified in Annexure A and that of the balance, 12½% was collected in fasli 1348 and the remainder had to be collected in fasli 1349. He stated that no postponement of the collections of loans instalments was necessary in these villages (where only 12½% of the suspended land revenue of fasli, 1347 had to be collected.). He recommended the postponement in respect of the remaining 42 villages of the taluk mentioned in annexure B. where 50% of the suspended land revenue of fasli 1347 had to be collected in fasli 1349.

2. On a scrutiny of the Collector's proposals it was found that the Collector's statements about the percentage of land revenue remitted and the balance due for collection in the villages of Siruguppa taluk grouped in Annexures A and B respectively were not correct as compared with the lists furnished with his letter Rc. A.8-6260 37 dated 7th June 1938. Annexures A and

B purported to show the villages in which 75% of the assessment and 50% of the assessment respectively were remitted. It was however found that some of the villages in the taluk where 75% and 100% of the land revenue was actually remitted in fasli 1347 (vide margin) were included in the list in Annexure B while some other villages viz., Kenchanaguddam, Sirugappa, Desanur and Ibharampur where 50% of the suspended land revenue of F.1347 had to be collected in Fasli 1349 were omitted from it. As the Collector's proposals for suspension of the collection of loans instalment were based on the percentage of land revenue remitted, the above defects were pointed out to him and he was asked to explain the discrepancy and to revise his proposals suitably. He was also asked to consider and report whether it would not be sufficient if the repayment of the loans instalments was suspended in individual cases by the authorities who sanctioned the loans with reference to the circumstances in each case under rule XXV of the Madras Land Improvement and Agriculturists' Loans (General) rules. The Collector has replied to both the points in his letter second read above.

Havinahal) 100% remitted.
Manur)

Konchigeri)
Dasapuram
Siddapuram)
Malapur
Muddatanur) 75% remitted.
Singeri
Gundiganur)
Manur Sugur

3. (i) As regards the discrepancy pointed out the Collector states that itmwas originally reported by oversight that 50% of the revenue was remitted in the villages referredito in the margin against para 2 above while in fact they

had higher percentages of remission as pointed out by the Board. The Collr. however states that these villages too deserve suspension for the following reasons:-

Owing to deficient rainfall ~~both~~ ~~kellthi~~ mungari ~~and~~ nov hingari crops ~~did not~~ fared well in these villages and the average outturn of crops was estimated at 6-7 annas. They are situated on the borders of Kurugodu firka of Bellary taluk for which suspension of loan instalments has been recommended. The Tahsildar, Siruguppa inspected the crops in all villages and reported that the collection of loans instalment might cause undue hardship to the ryots and the Revenue Divisional officer agreed with him.

Regarding the omission from annexure R of the Kanchanaguddem, Siruguppa, Desanur and ~~Ichchapur~~ Ibrahampur villages in which 50% of the suspended land revenue of F.1347 was remitted the Collector has reported that they are all wet villages in which wet fields have yielded a normal outturn ~~of crops~~ and the ryots do not find it difficult to pay the loan instalments. He therefore considers that no suspension is necessary in ~~regard to~~ these villages.

(ii) As regards the question of granting suspension of loan instalments in individual cases under rule XXV the Collector considers that it would involve

involve very considerable scriptory work in the taluk offices and that the result in the end would probably be the same as postponement of all loans instalments outstanding collections, excepting a few cases. The Collector therefore adheres to his original proposals.

4. In the circumstances reported the Board recommends that the Government may be pleased to approve the Collector's proposals to postpone the collection of the loans instalments of fasli, 1349 for one year in the entire Bellary taluk, in the Kanekal and Bommanahal firkas of the Royadrug taluk and in the 42 villages of the Siruguppa taluk specified in Annexure.B. ¶ 3 of b.

5. The financial effect of these proposals will be the postponement of the collection of a sum of Rs 2,66,679 as detailed below:

Bellary Taluk. Rs. 2,11,432 ✓

6/. The Bd. has always taken notice of the fact that the frequent suspensions of the collr. of loan instalments without dt. in the past owing to successive bad seasons has thrown the entire system of loans collection in the dt. out of gear. It is in correspondence with the collr. about the steps

What should be taken to improve the state of loans collections in the dt. For this purpose, the BDO suggested that enquiries should be made and information Certain ~~statistics should be~~ collected and the Collr. has replied that a special staff is necessary for the purpose. is examining the question and The BDO will address the govt. in due course if it considers that a spl. staff should be appointed, for the purpose.

Revised Note

S 2134/40 - From the Collr Bellary
D.O. 244/40. A1 - dt 9.3.40 -

Pp 1-2 cf

As (Sett)

The Collr of Bellary has submitted proposals for the postponement of the collection of loans instalments due for the current fasli by one year in the following taluks for the reasons noted against them: -

Pp 1-2 cf

Taluk	Reasons
Bellary (entire taluk)	(1) Depletion of ryots' resources on account of the collection during last year of the loans instalments of previous years
	(2) Late rains and failure of crops.
	(3) Prevalence of agricultural pests
	(4) Proposed grant of graded remission in 42 villages of the tk.
Siruguppa (42 villages)	50 % of the suspended land revenue of F 1347 has to be collected in addition to the land rev for current year.
Rayadrug tk (2 firkas)	(1) Predominantly a black soil area.

& Correlated papers

Pp 2 cf
Pp 3 cf

(2) Poor yield of crops.

(3) Ryots not yet recovered from the after-effects of famine of F 1347.

(4) They have also to pay the balance of the suspended Sist of F 1347.

The reasons given against Bellary and Rayadrug taluks justify the proposals for the postponement in those tks. The proposal for the grant of graded remission referred to item (4) against Bellary also has been received from the Collr and is separately under the consideration of the Board. Though failure of crops and adverse seasonal conditions are not among the reasons for the postponement in the Siruguppa tk, but in view of the fact that it was also a taluk affected by famine and 50% of the suspended land revenue of F 1347 should be collected in the current fasli, the Collr of loans instalments may press hard on the ryots. and it is for consideration and orders whether the Collr's proposal to suspend the collr of loan instalment in the 42 villages of the tk may also be recommended to the Govt.

The collr proposal for the remission of any assessment in the 42 villages of the Bellary tk has been recommended to the Govt. — Please see page 41-42 of the linked file.—

(S 1343/40)

Under Rule XXV of the Loans (General) Rules, the repayment of an annual instalment in individual cases may be suspended by the authority or officer who sanctioned the loan; whenever suspension of revenue are granted on a large scale over a wide area, the collection of loans instalments may likewise be suspended for the year or years for which the suspension of revenue occurs. As there is no suspension of land revenue on a large scale in the present case except in the 42 villages of the Bellary taluk referred to above, the sanction of the Govt is necessary for the
